YOUR FUTURE

Whether you are pursuing a career in professional accounting, business function or other career paths, the PACC programme will arm you with the skillset you need to advance in the field.

SURJONI SACHIKO

Graduate of 2016

PACC fulfilled my aspiration to become a forensic accountant and was instrumental in obtaining an opportunity to pursue a career in the forensic audit division of Deloitte.

HARRY CHENG

Graduate of 2019

CUHK was my second home and PACC was my second family. Thank you to all who were involved in shaping me into the person I am today.

SHARING

The PACC Programme aims to equip students and future accounting professionals with the knowledge, leadership skills and values you need to succeed in today’s business environment. It is designed to enable students to develop a well-rounded and dynamic professional profile, with the ability to respond to material changes in today’s business environment. Upon graduation, PACC students will have acquired key competencies, including effective communication skills, problem-solving and critical thinking skills, as well as a range of business skills that are relevant to accounting.

**CURRICULUM**

Diverse Choice of Streams

Students can specialise in various streams to shape themselves into a future business professional with global vision.

- **Accounting Analytics (AA) Stream**
  - Focus: Develop students into innovative accounting leaders who can apply accounting, data analytics, and business knowledge to help organizations create value.
  - Core Courses: Advanced Data Analytics, Business Intelligence, Artificial Intelligence for Accountants, and more.

- **Global Accounting (GA) Stream**
  - Focus: Prepare students to work in international accounting environments and to develop a global perspective on accounting practices.
  - Core Courses: International Accounting, Global Taxation, and International Financial Reporting.

- **Global Tax and Governance (GTG) Stream**
  - Focus: Equip students with the skills to work in a global taxation and governance environment, including tax law and policy.
  - Core Courses: Global Taxation, Risk Management, and Tax Planning.

- **Global Finance (GF) Stream**
  - Focus: Prepare students for careers in international finance, including corporate finance and investment banking.
