

# CAMPUS LIFE, HOSTELS AND CANTEENS

## CAMPUS LIFE

Campus life is an integral part of a university education. Students can develop a healthy outlook in both mind and body by broadening their vision, experiencing life, learning more about the society and enlarging their social circle through extracurricular activities. All of these practices contribute to their all-round personal growth.

CUHK offers multifarious student activities, ranging from physical education, scholarly and entertainment activities to service learning activities. These are organized primarily by student unions, and by faculty, departmental and affiliated societies. The University currently has more than 100 interest groups and faculty and departmental societies.
