CMP Newsletter - Issue 6

13 September 2008

Dear Colleagues, Students and Alumni,

Campus Master Planning (CMP): Stage 2 Stakeholder Engagement Activities

Following the release of the CMP Stage 1 Stakeholder Engagement Report, the CMP Consultant will present to University Members the **Conceptual Planning Proposal** later this month. The document will include the Consultant's **Planning Visions for 2021 and 6 Key Planning Issues, namely, Enhancement of College Life, Venues for Academic & Recreational Activities, Pedestrian Friendly Campus, Campus Landscape, A Sustainable Campus, and Conservation of Places with Cultural Significance.** These 6 Key Planning Issues address the views gathered from the Stage 1 consultation effort and findings arising from the professional team's detailed study of the CUHK campus. The document will soon be uploaded on the CMP website. Poster display boards highlighting the 6 Key Planning Issues will also be exhibited on a few sites on campus.

We are delighted to take this opportunity to announce the launching of the CMP Stage 2 Stakeholder Engagement Activities in October. The Steering Committee on CMP and the Consultant Team jointly extend our cordial invitation to all University members to participate in these events:

Participants	All University members are welcome

In order to gauge a wide spectrum of input, the Consultant will upload a **View Collection Form** on the Campus Master Plan website during the month of October.

The Consultant Team for the Campus Master Plan (Aedas Limited and its overseas partner, Edward Cullinan Architect - UK) were appointed in February 2008 and ever since their appointment they have carried out the following tasks:

- started the Stage 1 CMP Study;
- conducted consultation among stakeholder groups of the University and launched a series of activities gathering detailed information;
- released the Stage 1 Stakeholder Engagement Report; and
- completed the drafting of the Conceptual Planning Proposal.

The Consultant considers the valuable information collected in Stage 1 Stakeholder Engagement very useful in establishing concepts and directions of the conceptual CMP and they look forward very much to continuing communication with stakeholders.

Yours faithfully,

Ching Pak-chung
Co-Chairman
The Steering Committee on Campus Master
Planning

Essy Baniassad
