

THE CHINESE UNIVERSITY OF HONG KONG

Micro-Module Courseware Development Grant

Scheme 2: Studies in Foundation Courses

Interim Report (2017-18)

Report due 31 May 2018.

Please return by email to mmcd@cuhk.edu.hk

PART I

Project title: Flipping the Classrooms of the Two Foundation Courses in GEF Programme using Whiteboard Animations

Principal supervisor: Dr. LI Ming Kenneth

Department / Unit: Office of University General Education

Project duration: From December 2017 to October 2018

Date report submitted: 22 May 2018

1. Project objectives

The project is on track to meet its objectives, which remains unchanged as stated in the MMCDG proposal.

2. Progress on process, outcomes or deliverables

Three scripts and storyboards out of the four whiteboard animations have been produced, and we are working on the illustrations and graphics. Learned from the experience of our previous MMCDG-funded projects, the production progress is quite smooth. The remaining tasks include making up the last script and storyboard, voice-over production, synchronizing the animations and voice-overs, and other post-production editing. The project output of three micro-modules consisting of four whiteboard animations will be ready at the beginning of the coming semester. The project is on time for completion before the grant expiry date.

3. Evaluation Plan

The evaluation plan remains unchanged. According to the proposal, evaluations will be done in the coming semester.

4. Dissemination Activities (reports, websites, video links, products, etc.)

The project is still in its production phase, no whiteboard animation has been disseminated to date. The four animations will be published in the coming semester.
