Virtual Summer Programmes 2022

1) Eligibility

All local CUHK undergraduate students are welcome to apply for the programmes.

2) Application Procedures and Selection Schedule

Date & Time (2022)	Deadline/Activity
21 March (09:00)	Webform available for application
3 April (23:59)	Deadline for application
8 April (17:00)	Announcement of application results via email
8 -12 April	Submission of offer acceptance documents by students, if applicable

3) Available Programmes

- Click [here](#) for the list of selected virtual summer programmes for application.
- Students should pay attention to the following when applying for the programmes:
 - Eligibility to join the programme(s), i.e. whether you meet the admission requirements specified by host institution(s) and if the programme(s) takes place and ends before your expected graduation date (as of 4 April on CUSIS);
 - Class meeting dates and time. Classes of some programmes may take place in the evenings or during midnight at Hong Kong time. Most programmes offer synchronous classes and require real-time participation by students in classes; and
 - Interests in the courses offered by the programmes.

4) Completing a Webform

- Interested students must **complete and submit a [webform](#) from 21 March 2022 (09:00) to 3 April 2022 (23:59)**.
- For programmes having a minimum TOEFL/IELTS score requirement, students must upload a copy of score report from a TOEFL/IELTS test taken on or after 1 September 2020 to the webform.

5) Placement Allocation

- Applications submitted according to the instructions will be processed by OAL. Incomplete and/or late applications will not be considered.
- Quotas are limited in the programmes. Eligible students would be provided an offer, if any, according to their choice of programmes and quota availability. Student's expected graduation date, previous participation in non-local learning programmes offered by CUHK and cumulative GPA (CGPA) as of 4 April 2022 will also be taken into consideration.
- Applications from eligible students who could not participate in term-time outgoing exchanges as planned in 2021-22 due to COVID-19 (Group 1) will be considered before other students (Group 2). In each group, students meeting the following criteria¹ will be given priority in placement allocation.
 1. Have not participated in any non-local learning programmes offered by CUHK units (as of 4 April 2022);
 2. Have an earlier expected graduation date (as of 4 April 2022) on CUSIS;
 3. Have a higher CGPA as of 4 April 2022; and
 4. Have not received any offer of non-local learning programmes from CUHK units in the past or for future.

Should there be limited quotas for a programme(s) and multiple eligible applicants with the same expected graduation date, previous non-local learning experience and CGPA, OAL will draw lots to provide offers among those students.

- Placement results will be announced on 8 April 2022 via email.

6) Deposit and Tuition/Programme Fee

- Successful applicants will be sponsored to participate in one of the selected virtual summer programmes. These students do not need to pay any tuition/programme fee to the host institutions, but they have to complete and submit a Virtual Summer Programme Nomination Deposit Form to OAL.
- After completion of the programmes, students must by 30 September 2022 submit to OAL a transcript or a certificate of completion issued by the host institutions; otherwise, a nomination deposit of HK\$1,500 will be charged.
- Students may apply to the host institutions directly, i.e. not applying through OAL. However, they will be required to pay to the host institutions the programme fee or tuition.

¹ Sequence of the listed criteria matters.

7) Enquiry

- Students are welcome to approach the Student Advisors at OAL for information/advice on the virtual summer programmes.

Programme Location	Student Advisor
Asia	Ms. Vicky CHENG (vickycheng@cuhk.edu.hk)
Europe	Ms. Arisa LAI (arisalai@cuhk.edu.hk)

**OAL reserves all rights to change the application arrangements (including programme availability) and make final decision on student's eligibility and placement allocation.*
