基于大数据的脑卒中预防管理模式研究

Developing Preventive and Control Model of Stroke Based on Big Data

刘远立教授 | 中国医学科学院北京协和医学院公共卫生学院院长

### 讲者介绍 Biography

2013 年 9 月，刘远立教授为中组部「千人计划」特聘专家，出任中国医学科学院北京协和医学院公共卫生学院院长，卫生政策与管理学教授，博士生导师。1994 年至 2013 年，刘教授在哈佛大学从事国际卫生政策与管理的科研和教学工作，是「卫生体系学」创始人之一和博导。2005 年至 2013 年担任哈佛大学「中国行动计划」主任，负责领导哈佛大学与中国在医疗卫生和社会发展领域的学术交流与合作，其中包括：1. 与中国卫生部合作举办「中国卫生发展与改革高级国际研修班」（600 多名毕业生分别来自中央和各省、市负责卫生与社会发展的厅局长和大型医院院长）；2. 开展重大卫生政策与管理问题的应用性研究；3. 与中央党校合作举办「中国社会发展论坛」，创办「中美健康峰会」。自 2007 年起，刘远立担任清华大学公共管理学院兼职教授，并创立清华大学卫生与发展研究中心。他参与了中国卫生改革与发展的一系列重大问题的研究和政策咨询，在建立中国城乡医疗保障制度、医药领域政府与市场相对作用的界定、医药卫生体系的绩效评价、跨区域的协同医疗服务体系建设、移动医疗与数字医疗体系建设、健康与经济发展等领域产生重要影响。他出版过包括「构建全民健康社会」在内的 6 本中英文学术专著，在国际和国内学术期刊上发表过 100 多篇论文。刘教授曾经或继续担任联合国「千年发展目标」顾问委员会委员，世界银行、世界卫生组织等国际组织以及世界 500 强企业的战略顾问。此外，刘远立还是国务院医改专家咨询委员会委员、民政部全国养老服务业专家委员会委员、国家中医药管理局中医药改革发展专家咨询委员会委员、中国医学科学院学术委员会预防医学与公共卫生专业委员会主任委员、欧美同学会留美医学专业委员会主任委员。

PhD, Professor and Dean of Peking Union School of Public Health (PUSPH), Beijing, China; Founding Director of Harvard T.H. Chan School of Public Health (HSPH) China initiative, Boston, USA. Before he was invited by the Peking Union Medical College as a member of the China "Thousand Talent" and to serve as the Dean of PUSPH, Dr. Liu served on the faculty of the Department of Global Health and Population at Harvard School of Public Health. Since 2005, Dr. Yuanli Liu has been the founding director of the HSPH China Initiative, which aims at helping advance health and social development in China through applied research studies, regular policy dialogues and educational programs for senior Chinese health executives at Harvard and for Harvard students in China. Dr. Liu currently remains as an adjunct professor of Global Health at the HSPH and is also an adjunct Professor of Health Policy and Management at Tsinghua University School of Public Policy and Management. Dr. Liu has been teaching and conducting research at Harvard in the areas of health policy and health system analysis since 1994, and has been involved in many research, training and policy consultation work in a number of African and Asian countries. He served on the Expert Committee of Health Policy and Management and the Expert Committee on Health China 2020, both of which were established by the Chinese Ministry of Health to help develop strategies for China to deal with major infectious as well as non-communicable diseases. Dr. Liu also served on the United Nations Millennium Development Taskforce on HIV/AIDS, Malaria, TB, and Access to Basic Medicines. He consulted for many international agencies including the World Bank, Asian Development Bank, UNDP, UNICEF, WHO.
