出行时间依概率可靠的路径搜索算法研究

Path Algorithm Based on the Reliability of Travel Time in Probability

高亮教授 | 北京交通大学交通运输学院副教授

讲者介绍 Biography

高亮，副教授，博士生导师。2007年7月于北京师范大学获系统科学理学专业博士学位，同年到北京交通大学任教至今。2011年在美国东北大学复杂网络研究中心以访问学者。主要研究方向为交通系统复杂性、大数据、复杂网络。截止目前累计主持和参与国家级科研项目20多项，发表学术论文近40篇，其中SCI论文20余篇。

Liang Gao, Associate Professor, doctoral supervisor. He got his PhD degree from Beijing Normal University in 2007, and has been teaching at Beijing Jiaotong University since then. He was visiting scholar at CCNR in Northeastern University, Boston MA, USA in 2011. His main research areas are traffic complexity, big data, and complex network. He has directed and been a key member of more than 20 national projects, and published about 40 papers, including more than 20 SCI papers.
