

# Employment Survey for 2006 First Degree Graduates

## EXECUTIVE SUMMARY

1. This survey was conducted from November to December 2006 by means of questionnaires and telephone interviews, and covered all full-time and part-time first degree graduates, full-time higher degree graduates and full-time diplomas of 2006. Graduates of the degrees of Bachelor of Medicine and Bachelor of Surgery (MB ChB) were also surveyed.
2. Out of a total of 2,516 respondents of full-time first degree graduates (including MB ChB graduates 2005), 81.1% of them were employed, 16.9% of them pursued further studies, 1.4% of them were seeking employment and the remaining 0.6% were classified as others which included emigration/returning to country of origin and not seeking employment.
3. The average gross monthly salary of full-time first degree graduates was:
  - HK\$15,228 (including MB ChB graduates)
  - HK\$13,262 (excluding MB ChB graduates)
4. The average number of applications sent out by full-time first degree graduates was 26. Students on average attended eight interviews and obtained more than two offers.
5. Almost 94% of the employed graduates secured their first job offers by the end of September 2006.
6. Most graduates joined the Commerce & Industry sector (70.3%), followed by Education (14.1%), Social & Public Organisations (12.8%) and Government (2.8%).
7. The top seven career fields engaged by our graduates were: Accounting / Auditing (11.1%), Banking and Finance (10.7%), Teaching (10%), Computer Engineering / Information Technology<sup>1</sup> (9.4%), Administration / Management (7.8%), Medical & Health Services (7.8%) and Sales & Marketing (6.3%).
8. In terms of job satisfaction, up to 93.4% were generally satisfied with their current jobs.
