9 January 2009

Dear JUPAS Applicants,

**Latest Update for 2009/10 Admissions**  
**Introduction of Broad-Based Admissions Scheme for Life Sciences Programmes**  
**(new JUPAS code: 4757)**

The Chinese University of Hong Kong is delighted to announce the launch of a flexible Broad-based Admissions Scheme for Life Sciences programmes in the 2009/10 academic year. Students admitted under this new admissions scheme will have the opportunity to explore their interests in all 6 Life Sciences Programmes offered under the Faculty of Science during the first-year of study before declaring their major study programme.

The 6 participating Life Sciences programmes include Biochemistry (4604), Biology (4616), Cell and Molecular Biology (4745), Environmental Science (4654), Food and Nutritional Sciences (4666), and Molecular Biotechnology (4692). Under the new Scheme, the 6 Programmes will share **ONE SINGLE** JUPAS code **4757 (with the title of "Life Sciences")** for both the Joint University Programmes Admissions Scheme (JUPAS) and Early Admissions Scheme (EAS). The admission quota of 4757 "Life Sciences" will be the combined quota of the 6 programmes, with students admitted having a free choice of their major programme after their first year of study.

In view of the introduction of the Broad-based Admission scheme, special arrangements have been made with the JUPAS Office to allow the applicants:

- (a) to change their programme choice from any of the 6 Life Sciences programmes (codes 4604, 4616, 4654, 4666, 4692 and 4745) to 4757 "Life Sciences", and
- (b) to substitute any original choice with 4757 "Life Sciences", and
- (c) to add 4757 "Life Sciences" as a new programme choice

Revision of programme choices can be made via the JUPAS online application system ([www.jupas.edu.hk](http://www.jupas.edu.hk)) free-of-charge for **ONCE** between 15 January 2009 (9:00am) and 21 January 2009 (11:59pm). After 21 January 2009, individual codes for the 6 participating programmes will become invalid, and those choices will automatically be replaced by the new code 4757. If an applicant has previously chosen more than one of the 6 Life Sciences programmes, the top choice will be replaced by 4757 and the other choice(s) will be substituted by the next programme choice(s) in his/her original list.

Further details of this scheme can be found at: [www.cuhk.edu.hk/sci/lifesciences.htm](http://www.cuhk.edu.hk/sci/lifesciences.htm). For enquiries, please email to [lifesciences@cuhk.edu.hk](mailto:lifesciences@cuhk.edu.hk) or call 2609-6276 / 2609-6359.

Yours faithfully,

Grace Chow

Director of Admissions and Financial Aid
