

## Shaw College The Chinese University of Hong Kong Policy on Guaranteed On-campus Accommodation for Non-local Students (Final Version)

## (A) Introduction

- 1. According to the University's updated accommodation policy for non-local students, the guaranteed period of on-campus accommodation is shortened from the entire normative study period (N) to 'N-1' years starting from 2016/17 cohort of non-local students.
- 2. This policy applies to non-local students with programmes of a normative study period (N) of more than 3 years. For those with programmes of a normative study period of 3 years or less, the on-campus accommodation is guaranteed for the entire normative study period.
- 3. On-campus accommodation is guaranteed for year 1 and year 2 students.
- 4. Study exchange time would be counted towards the guaranteed period.
- 5. No hostel place is allocated to students taking study leave for internship or during suspension of study.
- 6. Application for hostel place is open for students in the non-guaranteed year.

## (B) Hostel Place Application

- Starting from the 2016/17 cohort of non-local students, accommodation is not guaranteed in <u>their</u> <u>third year of study</u>. The allocation of their hostel places is to be determined through the mechanism of residence selection.
- 2. If students go on exchange in their third year of study, the accommodation is not guaranteed in their fourth year of study. The allocation of their hostel places is to be determined through the mechanism of residence selection. However, if a student who has gone on exchange abroad could provide official document to duly certify that the host university for his/her exchange does NOT provide housing arrangement for him/her, the 4th year will be as the guaranteed period of on-campus accommodation
- 3. The stipulated guaranteed years and non-guaranteed years are not interchangeable. Guaranteed years would not be transferred to the years thereafter even if the student chose not to live in the hostels during the stipulated guaranteed years.
- 4. Application and the announcement of results will be made in the second term of each year.
- 5. Quota of hostel place will be max. 50% of the number of non-local year 3 students. 80% of the hostel places will be allocated according to the scoring system shown below. Three factors include academic achievement, participation in extra-curricular activities, exchange experience in the previous study years will be mainly considered in the calculation of students' scores. If applicants have equal scores, the Residence Selection Sub-Committee will draw lot to decide who will be given a hostel place. The allotment of the remaining 20% will be decided based on the special consideration of appeal cases by the Residence Selection Sub-Committee.
