(Final Version)

(A) Introduction

1. According to the University's updated accommodation policy for non-local students, the guaranteed period of on-campus accommodation is shortened from the entire normative study period (N) to 'N-1' years starting from 2016/17 cohort of non-local students.
2. This policy applies to non-local students with programmes of a normative study period (N) of 3 years or more. For those with programmes of a normative study period of 2 years or less, the on-campus accommodation is guaranteed for the entire normative study period.
3. On-campus accommodation is guaranteed for year 1 and year 2 students.
4. Study exchange time would be counted towards the guaranteed period.
5. No hostel place is allocated to students taking study leave for internship or during suspension of study.
6. Application for hostel place is open for students in the non-guaranteed year.

(B) Hostel Place Application

1. Starting from the 2016/17 cohort of non-local students, accommodation is not guaranteed in their third year of study. The allocation of their hostel places is to be determined through the mechanism of residence selection.
2. If students go on exchange in their third year of study, the accommodation is not guaranteed in their fourth year of study. The allocation of their hostel places is to be determined through the mechanism of residence selection.
3. Accommodation for students in their years out of the normative study period is not guaranteed. The allocation of their hostel places is to be determined through the mechanism of residence selection.
4. The stipulated guaranteed years and non-guaranteed years are not interchangeable. Guaranteed years would not be transferred to the years thereafter even if the student chose not to live in the hostels during the stipulated guaranteed years.
5. Application and the announcement of results will be made in the second term of each year.
