

Professor Joseph Sung starts taking photos using digital camera in 2003 after SARS. Photos featured in this issue were taken by Professor Sung during his trips to various parts of the world. Photos of scenic spots make him feel relaxing and realize how "small" we are.

*At the end of our lives, we will not be remembered by how many diplomas we have received, how much money we have made or how many great things we have done..., instead, we will be remembered by what we have left for our young kids and our future generations*

*See the birds of heaven; they do not put seeds in the earth, they do not get in grain, or put it in store-houses; and your Father in heaven gives them food. Are you not of much more value than they?* The Bible

*The most valuable thing is not what you have, but who you have in your lives. A rich person is not the one who has the most, but is one who needs the least*

*And why are you troubled about clothing? See the flowers of the field, how they come up; they do no work, they make no thread But I say to you that even Solomon in all his glory was not clothed like one of these* The Bible
