

Biography

Professor Ying Lung Steve Tse received his PhD degree in theoretical chemistry at Stanford University in 2011. He then spent four years at The University of Chicago from 2011 to 2015 to carry out postdoctoral research in the areas of renewable energy and acid-base systems. He returned to Hong Kong in 2015 to start working as an Assistant Professor in the Department of Chemistry at the Chinese University of Hong Kong. His current research involves using statistical mechanics and computer simulations to study different interfacial systems.
