<u>PART I</u>

Project title: Building Whiteboard Animations for Flipped Classroom in GEF Courses
Principal supervisor: Dr. Li Ming Kenneth
Department / Unit: Office of University General Education
Project duration: From May 2017 to April 2018
Date report submitted: 31 October 2017

1. Project objectives
The project is on track to meet its objectives, which remains unchanged as stated in the MMCDG proposal.

2. Progress on process, outcomes or deliverables
The scripts and storyboards of all the four whiteboard animations have been produced, and their illustrations and graphics have been designed. Learned from the experience of our previous MMCDG-funded project, the production progress is quite smooth. The remaining tasks include voice-over production, alignment of voice-over and the animation, and other post-production process. The project output of two micro-modules consisting of four whiteboard animations will be ready at the beginning of the coming semester. The project is on time for completion before the grant expiry date.

3. Evaluation Plan
The evaluation plan remains unchanged. According to the proposal, evaluations will be done in the coming semester.

4. Dissemination Activities (reports, websites, video links, products, *etc.*)
The project is still in its production phase, no whiteboard animation has been disseminated to date. The four animations will be published in the coming semester.
