## Micro-Module Courseware Development Grant

### Scheme 1: Basic Scheme

#### Interim Report (2017-18)

Report due 31 May 2018.

Please return by email to [mmcd@cuhk.edu.hk](mailto:mmcd@cuhk.edu.hk)

#### PART I

Project title: Micro-Modules on Curriculum Planning in Physical Education for Pre-Service Teachers  
Principal supervisor: Ms. Cheung Sin Ting Juanita  
Department / Unit: Sports Science & Physical Education  
Project duration: From December 2017 to October 2018  
Date report submitted: 21 May 2018

#### **1. Project objectives**

The project is on track as planned. The theme and objectives of our MMCDG project have no change. The micro-modules (8 videos) developed in this project will be used in lectures as teaching materials for facilitating the discussions among students and course instructor.

#### **2. Progress on process, outcomes or deliverables**

All video-takings in schools and interviews with 6 current and 2 retired physical education (PE) teachers have been completed. Due to different teaching schedules and school locations, it is not easy to arrange our visits to the teaching classes of PE teachers, as well as the interviews held in CUHK. To handle the difficulties in transporting the audio and lighting equipment, we ordered a van every time to prepare for the set up in advance. The photographer is now editing the videos. It is believed that the completion day of this project will be late August 2018

#### Tasks have been completed:

- ◆ Video-takings in 6 Teaching Classes (PE in primary school, secondary school and university)
- ◆ Video-takings for the 2 retired PE teachers (at CUHK sport grounds)
- ◆ Video-takings in 8 interviews with PE teachers

#### Task to be completed:

- ◆ Video Editing
- ◆ Subtitles

### **3. Evaluation Plan**

Same as the original plan, surveys will be distributed to students for feedback after watching the videos (i.e. October 2018). In addition, 5 students will be interviewed for feedback or further suggestions to see whether these videos help students make reflection on their roles and duties as PE teachers in the future (i.e. planning curriculum and concerns in PE teaching).

### **4. Dissemination Activities (reports, websites, video links, products, *etc.*)**

- ◆ **Reports – November 2018**
- ◆ **Video Links – September 2018**
