

Editor's Notes

We present to you three papers in this issue of *Studies in Chinese Linguistics*. Johnson's paper and Li's paper, which were presented at the Workshop on the Syntax of Ellipsis on March 22, 2013 organized by the Centre, are focusing on ellipsis in natural languages. Leung's paper is a feedback article on Kayne's theory of "silent nouns". We particularly welcome more contributions to our journal under specific themes of comparative syntax.

編者的話

本期《中國語文研究》共有三篇文章。Johnson 和李艷惠兩位的文章曾於 2013 年 3 月 22 日由本中心舉辦的“省略的句法分析工作坊”發表過，探討句法省略的問題。梁子祥的文章回應了 Kayne 有關“無聲名詞”的分析。歡迎本刊讀者多就比較句法學專題，撰寫文章，踴躍投稿。
