#### 4) Submitting an Online Application

- Interested students must **complete and submit an [online application form](#) from 27 February 2024 (09:00) to 17 March 2024 (23:59)**.
- For programmes having a minimum TOEFL/IELTS score requirement, students must upload a copy of score report from a TOEFL/IELTS test taken on or after 1 September 2022 to the online application form for verification.

#### 5) Placement Allocation

- Applications submitted according to the instructions will be processed by OAL. Incomplete and/or late applications will not be considered.
- Each programme has a limited enrolment quota. Eligible students would be provided an offer, if any, according to their choice of programmes and quota availability. Student's expected graduation date, previous participation in non-local learning programmes offered by CUHK and cumulative GPA (CGPA) as of 18 March 2024 will also be taken into consideration.
- Students meeting the following criteria<sup>1</sup> will be given priority in placement allocation.
  1. Have not participated in any non-local learning programmes offered by CUHK units (as of 18 March 2024);
  2. Have an earlier expected graduation date (as of 18 March 2024) on CUSIS; and
  3. Have a higher CGPA as of 18 March 2024.

Should there be limited quota for a programme and multiple eligible applicants with the same expected graduation date, previous non-local learning experience and CGPA, OAL will draw lots to provide offers among those students.

- Application results will be announced on 28 March 2024 (15:00) via email.

#### 6) Deposit and Fees

- Successful applicants will be sponsored to participate in one of the selected summer programmes. OAL will, as specified in the programme list, pay the tuition/programme fee to the host institutions directly or reimburse the tuition/programme fee to students after completion of the summer programme.
- Students have to pay other fees such as accommodation, flight tickets, insurance. A deposit of HK\$2,000 is also required by OAL which will be refunded upon successful completion of the programmes. Eligible students can apply for subsidy under [Education Bureau \(EDB\) subsidy scheme](#).

---

<sup>1</sup> Sequence of the listed criteria matters.

- For processing of the deposit refund and/or the reimbursement of the tuition/programme fee, students must submit to OAL a transcript with passing grade(s) and/or certificate of completion issued by the host institutions by 13 September 2024; otherwise, no refund will be arranged.
- If students fail to complete the programme, i.e. attending classes and activities, completing assignments and passing assessments of the programme, they have to repay the tuition/programme fee to OAL and the deposit of HK\$2,000 will not be refunded.
- Students may apply to the host institutions directly, i.e. not applying through OAL. However, they will be required to pay to the host institutions the programme fee or tuition.
