About Us

The University Library houses extensive collections including Special Collections, Hong Kong Studies Collection, Arts and Humanities Collection, Business Collection, Engineering Collection, Science Collection, Social Sciences Collection, the Reference Collection, General Education Collection and Good Reads. Access to the Law Library is via the University Library.

It is the largest of all the CUHK Libraries with a wide range of facilities – over 2,400 study seats and more than 230 computer terminals. For individual quiet study it offers the Reference Reading Room, Faculty Study rooms, Doctoral Study Rooms, as well as quiet study space on the upper floors. For those seeking collaborative study space there are Group Study Rooms and the Learning Garden. The Learning Garden is open 24/7 during semesters. The Library is a technology-rich, versatile study space and includes the CUHK Library exhibition space which holds regular exhibitions focusing on CUHK Library collections.

The University Library also plays a crucial role in connecting CUHK users with scholarly resources available elsewhere in Hong Kong and in the world. It manages the Hong Kong Academic Library Link (HKALL) and the Interlibrary Loan services. In addition, application for JULAC Library Card and any request for CUHK Library needs to be made at the University Library.

The University Library was established in 1965 and was originally located in the On Lee Building in Kowloon. In August 1969, it moved to temporary quarters in the Benjamin
